

Genesis 1:1-31 – God the creator – praise him!

Why do you matter? Where do we come from?

Why is the world the way it is?

Genesis (origin) - is foundational

Don't miss the main points

1. The Powerful God creates (v1-2)

He created everything - 'the heavens'...

What do we learn about God?

All powerful, transcendent, only one God

V3 – creates by his Word – Son of God (John 1.1-4)

Rejects polytheism, pantheism, atheism, materialism

Don't worship created things

2. Progression of Creation – Form & Filling

Formless and empty/void

Form - Day 1

Day 2

Day 3 (and it was good)

Filling - Day 4 (purpose of lights)

Day 5

Day 6 (an amazing creation)

Human beings – the climax to creation

God feeds them and us (Psalm 104)

It doesn't stay perfectly good – it gets ruined

3. Plan – a New Creation

Rev 21 & 22

Only Jesus can get us there

4. Response of Praise

Psalm 8:1-4 – praise the majestic Creator for his amazing creation

Turn your wonder into praise
